

Oceanside High School

Course Syllabus

Intro to Web Design 2017-2018

Grade Level & Instructor Information:

Grade Level(s): 9-12	Credits: .5	Prerequisite: None
Faculty Member(s) Teaching this course: Mr. Russell (krussell@rsu13.org)		

Welcome Message to Student & Parents:

We look forward to beginning a new year at Oceanside High School. Students need to be encouraged to study and complete all assignment to be better prepared for test and quizzes. It is also important that students come prepared and participate in class discussions. My door is always open for any student that needs help or a concerned parent that has questions.

Course Description:

Intro to Web Design introduces students to to concepts of designing and implementing a website. We will utilize online resources, beginning with Hour of Code challenges with block code, and progressing to HTML and CSS.

Course Elements Unique to Accelerated Level Offering:

Core Resources That Will Support Student Learning:

During the year, we will be using both the PC computers in the library as well as the apple iPads. The class will use a variety of online resources including Khan Academy and Code.org. These programs will be used to complete lesson, independent practice and some assessments.

Student Assistance: Students encountering difficulties with assignments, course content, timelines for completing projects, etc., should initiate the following steps in seeking proactive assistance:

Students can arrange a time with the teacher for extra help anytime they feel the need. Students can also request to be tagged for targeted learning Monday-Friday

Assessments and Other Strategies to Verify Success in Meeting Learning Targets:
