

# Saving Smiles Preventative Dental Care Services

Saving Smiles is our new preventative dental care provider for MaineCare families who do not have a dental home. They will begin seeing students in our district in January. If you qualify and are interested in receiving this service, please fill out the Preventive Dental Care form on the reverse side of this page completely. Appointments will be on a first come-first serve basis based on when we receive your form.

Please return this form later than **November 20** to your school nurse.

## PARENTS QUESTIONS ON QUALIFICATION FOR SERVICES

**My child has MaineCare dental insurance. Do we qualify for Saving Smiles Preventive Dental Care?**

Yes, we accept MaineCare Insurance.

**My child has a regular dentist. Can he/she get Saving Smiles Preventive Dental Care instead?**

No, we encourage people who receive regular dental care with a dentist to stay with their dental home. We can not see patients that have a dentist that they see regularly every year.

**My child has regular dental insurance coverage. Will that cover services through Saving Smiles?**

No, we do not accept all insurances. We are a provider for MaineCare participants and those who qualify that have no dental coverage.

**My child has no insurance. How do I know if he/she qualifies for Saving Smiles Preventive Dental Care?**

If your child has no dental insurance coverage and participates in the school free/reduced lunch program than they qualify.
